Computer Science undergraduate with hands-on experience in Java, Python, JavaScript, and full-stack application development. Good foundation in Data Structures and Algorithms, Object-Oriented Programming, Operating Systems . Experienced in developing full-stack web applications.

EDUCATION

B.Tech in Computer Science & Engineering 2027
Gandhi Engineering College, BPUT
CGPA: 8.5/10

TECHNICAL SKILLS

Languages: Java, Python, JavaScript
Web: HTML5, CSS3, React.js
Backend: Node.js
Database: MySQL, MongoDB
Core: Data Structures & Algorithms, Object-Oriented Programming
Tools: Git, GitHub, VS Code, Docker

PROJECTS

Inventory Management System
Python, PHP, MySQL

- Developed a database-driven application to manage asset availability and track asset issue and return workflows.
- Implemented CRUD operations for creating, retrieving, updating, and deleting inventory records.
- Structured database storage for organized asset and transaction management.

Full-Stack Web Application
MongoDB, Express.js, React.js, Node.js

- Developed an authentication-enabled full-stack web application using the MERN technology stack.
- Integrated the React.js frontend with backend services and MongoDB for application data management.
- Developed a responsive full-stack application with frontend and backend integration.

INTERNSHIP

Web Development Intern – InternPe May 2026 – July 2026

- Contributed to backend development activities and dashboard functionality for a web platform.
- Worked on building interactive user interface components for a more usable and engaging web application experience.

CERTIFICATIONS & ACHIEVEMENTS

- Python Programming Certification.
- NPTEL Certification in Internet of Things.

EXTRACURRICULAR ACTIVITIES

- Volunteer, Smart India Hackathon (SIH).
